HYDROBIOLOGIA
Volume 445, 15 February 2001

Opinion
Thermodynamics and ecosystem theory, case studies from hydrobiology
S.E. Jørgensen, J.C. Marques 1–10

Temporal variations in phytoplankton primary production in a tropical reservoir (Barra Bonita, SP – Brazil)
M.C. Calijuri, A.C.A. Dos Santos 11–26

Recruitment preferences of blue mussel spat (*Mytilus edulis*) for different substrata and microhabitats in the White Sea (Russia)
Sergey Dobretsov, Martin Wahl 27–35

Physical-chemical influences on vernal zooplankton community structure in small lakes and wetlands of Wisconsin, U.S.A.
Jeffrey M. Schell, Carlos J. Santos-Flores, Paula E. Allen, Brian M. Hunker, Scott Kloehn, Aaron Michelson, Richard A. Lillie, Stanley I. Dodson 37–50

***Plumatella mukaii*, a new phylactolaemate bryozoan from Asia and South America**
Timothy S. Wood 51–56

Post-stocking perturbations in a population of subarctic whitefish, *Coregonus lavaretus* (L.): effects on growth, condition and cestode infection
Arto Tolonen, Jakob Kjellman 57–66

Major ions, nutrients and primary productivity in volcanic neotropical streams draining rainforest and pasture catchments at Los Tuxtlas, Veracruz, Mexico
Miriam G. Ramos-Escobedo, Gabriela Vázquez 67–76

***Loureirophonte psammophila*, a new species of Laophontidae T. Scott, 1904 (Copepoda: Harpacticoida) from Baja California, Mexico**
Wolfgang Mielke 77–83

The effect of environmental stability on hyporheic community structure
R.T. Fowler, R.G. Death 85–95

The invertebrate fauna of a physically modified urban river
Luke Beavan, Jon Sadler, Clive Pinder 97–108

Freshwater pearl mussel (*Margaritifera margaritifera*) glochidiosis in wild and farmed salmonid stocks in Scotland
Lee C. Hastie, Mark R. Young 109–119

Influence of benthic and interstitial processes on nutrient changes along a regulated reach of a large river (Rhône River, France)
Guillaume Fauvet, Cécile Claret, Pierre Marmonier 121–131

Spatial and temporal variations of *Penilia avirostris* and *Evadne tergestina* (Crustacea, Branchiopoda) in a Tropical Bay, Brazil
Andrea Marazzo, Jean L. Valentin 133–139

Plankton community of a polyhumic lake with and without *Daphnia longispina* (Cladocera)
L. Arvola, K. Salonen 141–150

The effect of rice seeding rate and fish stocking on the floodwater ecology of the rice field in direct-seeded, concurrent rice-fish systems
Nico Vromant, Nguyen T.H. Chau, Frans Ollevier 151–164

Seasonal variation in the diversity and species richness of phytoplankton in a tropical eutrophic reservoir
Cleber C. Figueredo, Alessandra Giani 165–174

Environmental factors influencing the gobiid assemblage of a Mediterranean Lagoon: Empirical evidence from a long-term study
C. Pampoulie, P. Chauvelon, E. Rosecchi, J.-L. Bouchereau, A.J. Crivelli 175–181

Pathogenic bacteria associated with lesions and thallus bleaching symptoms in the Japanese kelp *Laminaria religiosa* Miyabe (Laminariales, Phaeophyceae)
Charles S. Vairappan, Minoru Suzuki, Taizo Motomura, Terunobu Ichimura 183–191

Changes in abundance of the icefish *Neosalanx pseudotaihuensis* Zhang (Salangidae) and the impact on the zooplankton community of Xujiahe Reservoir, central China
Zhengwen Liu 193–198

Characterization of digestive carbohydrase activity in the gilthead seabream (*Sparus aurata*)
F.J. Alarcón, T.F. Martínez, M. Díaz, F.J. Moyano 199–204

Daily egg production rate of the planktonic calanoid copepod *Acartia lilljeborgi* Giesbrecht in the Cananéia Lagoon estuarine system, São Paulo, Brazil
Koichi Ara 205–215

Short communication
Spatial patterns in fish distributions and structure of the ichthyocenosis in the Água Nanci stream, upper Paraná River basin, Brazil
Sara da Silva Abes, Angelo Antonio Agostinho 217–227

Erratum 229

Book reviews 231–240
